THE undersigned offers at private sale a very de-sirable form, containing about 340 acres. It is located at the southeast extremity of Charles county, Maryland, and is bounded on the routh by the Potomac river, on the east by the Wiconico river, and on the north by a creek that empites its waters into the Wiconico, and at the mouth of which there is sufficient current to propel mills a near desirable acree.

The lands are well adapted to the growth of corn, wheat, and to-bacce; and, from the abundance of sea grass that animally foats on its aheres and the quantity of shells that are on it, could be made one of the richest farms in the county. There is a superabundance of wood, and a comfortable dwelling house, kitchen, quarters, cornhouse, stables, and a large hurn, all in good order. Oysters, fish, and wild fivel are abundant. Communications to Baltimere and the District of Columbia are almost daily.
